FEDERAL BUREAU OF INVESTIGATION

The files of the Milwaukee Division, Federal Bureau of Investigation, were reviewed on July 25, 1978, and it was determined that the Milwaukee Division does not now, nor has it ever, have a file pertaining specifically to one GARY THOMAS ROWE, JR. under his true name or any aliases.

It was determined that the Milwaukee Division, at one time, maintained a main file regarding the investigation of the killing of Mrs. VIOLA G. LIUZZO (Milwaukee file 44-249); however, it was determined that this file has been previously destroyed in accordance with former Bureau instructions regarding the destruction of closed files. The date of destruction of that file was March 3, 1977.

One reference was located in the Milwaukee files pertaining to GARY THOMAS ROWE, JR. and that reference consists of a newspaper article from the "Evening Star" newspaper in Washington, DC, dated March 26, 1965. A review of that article reveals that it pertains to the arrest by the FBI of four individuals in the shooting death of Mrs. VIOLA G. LIUZZO, on March 26, 1965.

The only other file maintained by the Milwaukee Division of the FBI is Milwaukee file 157-125 which was code named "Bap Bomb" and pertained to the investigation of the bombing of the 16th Street Baptist Church on September 15, 1963, in Birmingham, Alabama.

A review of this latter file (157-125) revealed that the file originally contained seven serials; however, it has been determined that serial 6 is no longer contained in the file. Examination indicates that missing serial 6 most probably would have been a letter from the Milwaukee Office of the FBI to the Birmingham Office of the FBI probably dated July or August, 1964. This communication would have been in response to a letter dated July 24, 1964, addressed to the Milwaukee Office by the Birmingham Office requesting investigation at Milwaukee, Wisconsin, regarding [redacted] whom the Birmingham Division of the FBI had developed as a suspect in the case code named "Bap Bomb."

It was noted that serial one of this file is a teletype from the Detroit Office to Director, FBI and the SACS, Alabama, Resident Agency, dated March 26, 1965. This teletype contains the results of a record check with the Michigan Secretary of State's Office concerning 1965 Michigan License Plate Number EJ-9177, which was on the 1963 Oldsmobile driven by VIOLA GREGG LIUZZO at the time of her death. The teletype also contains background information from Michigan Secretary of State's Office obtained from Mrs. LIUZZO's driver's license application. The last paragraph of this teletype contains information obtained from the files of the Detroit Police Department, however, page two of the teletype is missing. It appears that the missing portion contained only the results of the Detroit Police Department record check. The reason for the absence of page two of this teletype is unknown.

During the review of this file, and several serials contained in other files of the Detroit Office, no information was located:

1. Indicating GARY THOMAS ROWE, JR. ever furnished any information pertaining to his having shot a black man during the Birmingham riots;

PURPOSE:

To advise of a request received from the Office of Professional Responsibility (OPR), Department of Justice (DOJ), on 8/3/78 regarding the status of captioned inquiry so that it may be furnished to the Attorney General prior to his appearance on "Face The Nation", Sunday, 8/6/78.

DETAILS:

Mr. Richard Rogers Associate Counsel, OPR, DOJ, called Deputy Assistant Director T. J. Biamonte, 8:30 a.m., 8/3/78, to advise that the Attorney General will appear on the television program "Face The Nation", Sunday, 8/6/78, and anticipated that questions may be posed to him concerning the status of captioned matter. According to Mr. Rogers, he and OPR Counsel Michael E. Shaheen, Jr., have to prepare a memorandum for the Attorney General by 10:00 a.m., 8/3/78, for the Attorney General incorporating therein what the FBI has done to date. Rogers said he and Shaheen wished to demonstrate to the Attorney General that the FBI is doing a thorough and excellent job in attempting to develop all information relating to the allegations.

OPR, DOJ, has been kept fully abreast of our inquiry and was advised by letter dated 7/20/78 of the scope of our inquiry. At 9:45 a.m. Deputy Assistant Director Biamonte personally briefed Rogers and informed him that 41 field offices had responded to our initial teletype which requested these offices to identify pertinent references to Gary Thomas Rowe, Jr., and other pertinent case files. Mr. Rogers was informed that on 7/20/78 an airtel

was sent to these 41 offices to review all of the information in their possession and furnish it to the Bureau in the format as set forth in the airtel. Detailed instructions were contained in this airtel as to how the information should be reported. Rogers was informed that these offices were given a deadline of 8/1/78 but because of the voluminous nature of the review we have given some offices an extension and we are in the process of collating all of the material received so that a report can be prepared as expeditiously as possible for transmittal to OPR, DOJ. Mr. Rogers expressed complete satisfaction for the manner in which the Bureau was handling the inquiry and said he would incorporate all of the information furnished to him in a memorandum to the Attorney General.

RECOMMENDATION:

That the attached letter to Michael E. Shaheen, Jr., Counsel, OPR, DOJ, which contains instructions furnished to our field offices, be approved.

In Planning and Inspection Division (PID) memo from L. Colwell to the Director dated 7/20/78, Legal Counsel Division (LCD) was requested to provide PID background on the civil actions involving Gary Thomas Rowe, Jr. and this Bureau. There are two civil suits and one administrative claim.

CIVIL ACTION NO. [REDACTED]

The original complaint was filed on March 2, 1976. Defendants Clarence M. Kelley, Director of the Federal Bureau of Investigation (FBI), Thomas J. Jenkins, Deputy Associate Director of the FBI, [REDACTED] Special Agent (SA), and four unknown Agents of the FBI. The cause of action alleges violation of Title 42, United States Code, Section 1983 and certain Constitutional violations. The captioned civil action was filed by [REDACTED]

[REDACTED] The allegations in the complaint are based on Congressional testimony given by former FBI informant Gary Thomas Rowe, Jr., that this Bureau had advance information that the CORE riders were to be beaten by alleged Ku Klux Klan members and that the FBI did nothing to protect the interest of the CORE riders and did not notify any agencies outside the FBI in any effort to protect the safety of these individuals. Assistant United States Attorney (AUSA) Peter C. Salerno, Southern District of New York, is responsible for the defense of the Director in his official capacity and individual capacity and Thomas J. Jenkins, former Deputy Associate Director and former SA [REDACTED] The Government has participated in discovery proceedings and a motion for summary judgment is currently pending before the Court.

CIVIL ACTION NO. [REDACTED]

Captioned civil action has been filed by

[REDACTED]
[REDACTED] The claim is based on the same Congressional testimony given by former FBI informant Gary Thomas Rowe, Jr.

ENCLOSURE

62-118023-161

The allegations are similar, the defendants are the same but also include former Associate Director Richard G. Held. AUSA Robert C. Greene, Western District of Michigan, is responsible for the Government defendants in this related case. The facts of the captioned case show that the bus was stopped and burned near Anniston, prior to arriving at Birmingham, its destination. Although Rowe was not present or involved in the beating of [redacted] or the burning of the bus a claim of a "duty owed" and "knowledge" is made.

b6
b7C

In both civil actions the Government has argued that the statute of limitations has run with respect to the allegations and that, in fact, the plaintiff had notice in the 1960's of the facts. There was no duty owed to the plaintiffs by the FBI, or its Agents, in 1961.

CLAIM (1)

[redacted]
CLAIM AGAINST THE GOVERNMENT

Captioned claim was filed on 10/12/77, seeking \$2,000,000.00 as compensation for the alleged negligence and/or wrongful failure to prevent the murder of Viola Liuzzo through a so-called "employee" Gary Thomas Rowe, Jr. They allege the FBI had knowledge that the violence was going to occur and our failure is actionable. The Bureau recommended the claim be denied. A suit is imminent.

DETAILS:

On 7/28/78 SAC Neil Welch, Philadelphia Division, telephonically advised that SA [redacted] currently a Supervisor in the Philadelphia Office, had been contacted by a counsel of a Senate Select Committee regarding his testimony before the Committee concerning Rowe in 1975. SA [redacted] requested the opportunity to review his testimony and by memorandum dated 7/28/78, authority was granted for him to travel to Washington, D. C., for the purpose of that review.

SA [redacted] advised on 8/9/78 that he had completed the review and agreed to the release of the testimony.

Memorandum to The Director
Re: GARY THOMAS ROWE, JR.

On 8/9/78 SA [] was interviewed by OPR, FBI, and advised Mr. Turner contacted him following the broadcast of the first "20/20" program concerning Rowe and after an article had appeared in the "New York Times" concerning Rowe's having shot a black man.

b6
b7c

He advised Mr. Turner referred to the numerous inquiries being received by the Department and stated he was responsible for drafting an answer to the inquiries. He advised the purpose of the call was to refresh his memory.

He advised Mr. Turner asked him about the allegation of Rowe having shot a black man and he told Mr. Turner Rowe had told him that story at least ten times. He said he also told Mr. Turner that Rowe related this story along with several other past escapades he liked to brag about while SA [] was guarding Rowe after the murder of Viola G. Liuzzo on 3/25/65. SA [] said he had asked other Agents in Birmingham who had contact with Rowe about the story and at least one had indicated to him that there was a possibility the story was true, but that they had been unable to verify that anyone had been seriously injured or killed. He indicated this conversation occurred after his return from the guard detail.

SA [] said he had no idea whether Rowe's story appeared in any FBI files since it happened before he had any contact with Rowe, noting he, himself, arrived in Birmingham in February, 1964.

Details concerning the interview with SA [] will be included in an FD-302 and furnished to OPR, DOJ, in the report concerning the Rowe inquiry.

The polygraph results consist of narratives prepared by the operators that state there was deception noted in Rowe's responses to questions relating to bombings that occurred in Birmingham during the early 1960's.

A limited interview of SA [] is included in the report. SA [] was the contact Agent for Rowe toward the end of his having been used as an informant and spent an extensive amount of time with Rowe following the Liuzzo killing. The interview was to determine the purpose of Deputy Assistant Attorney General James P. Turner having contacted SA [] following media revelations concerning Rowe.

SA [] stated Mr. Turner wanted to refresh his memory in order to prepare a response to inquiries concerning Rowe. SA [] also stated Rowe had told him he had killed a black man during the Birmingham riots of 1963. He stated Rowe told him that story and many others while they were together in 1965. He stated he checked with other Agents at the time and was told they had checked out the story and could not verify anyone had been killed or seriously injured. Neither Birmingham nor FBIHQ files contain any reference to such an incident.

Following a review of the report by OPR, DOJ, OPR, FBI, will contact Mr. Shaheen to determine the nature and scope of any additional investigation deemed necessary.

The Savannah Division recontacted the source on August 1, 1978, and the source reaffirmed the desire for protection of his identity. The source definitely would not testify and if called as a witness, may deny having said anything.

On August 1, 1978,

[redacted] verified [redacted] was employed there, stating his middle name was Neil, [redacted]. He provided copies of [redacted] application for employment and resume. A review of those documents indicates that the name [redacted] referred to by the source is probably identical to Gary Thomas Rowe, Jr., subject of the current inquiry. All logical attempts to obtain copies of the fingerprints of [redacted] for comparison with Rowe's to affect a positive identification have been negative. No attempt has been made to interview [redacted]
